# TRUTH-IN-SAVINGS DISCLOSURE

## COMMON FEATURES

### ***Bylaw Requirements***

The par value of one share in this Credit Union is \$5. A member who fails to complete payment of one share at the time of subscription or within six (6) months from the increase in the par value in shares, or a member who reduces his share balance below the par value of one share and does not increase the balance to at least the par value of one share within six (6) months of the reduction, may be terminated from membership at the end of a dividend period.

Shares may be transferred from one member to another, by written instrument or electronically as the Credit Union may prescribe.

The Credit Union may require members to give, in writing, not more than 60 days notice of intention to withdraw all or any part of shares paid in by them, in accordance with applicable law and regulations.

No member may withdraw shares that are pledged as required security on loans without the written approval of the loan officer, except to the extent those shares exceed the member's total primary and contingent liability to the Credit Union. No member may withdraw any shares below the amount of his/her primary or contingent liability to the Credit Union as a borrower, co-borrower, co-maker, endorser, or guarantor on any delinquent obligation, without the written approval of a loan officer.

### ***Dividend Rate Information***

The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on the account based on the dividend rate and frequency of compounding for an annual period when dividends are not withdrawn. The Dividend Rate and APY are variable rates and are subject to change at any time by the Board of Directors. Please refer to our *Rate Schedule* for current Annual Percentage Yield (APY) and dividend rate information.

### ***Compounding and Crediting***

Dividends are calculated by the daily balance method, which applies a daily periodic rate to the balance in the account each day. Accrued dividends will not be paid on accounts closed before the end of the dividend period.

Dividends are compounded and paid monthly, and the dividend period is monthly for all non-certificate share accounts. For share certificate accounts, please refer to the individual certificate disclosure.

### ***Accrual of Dividends***

Dividends begin to accrue on cash and non-cash deposits, such as checks, on the business day your deposit is received, as defined in our Funds Availability Policy.

### ***Nature of Dividends***

Dividends are paid from current income and available earnings, after required transfers to reserves at the end of the dividend period.

### ***Fees and Charges***

The imposition of fees can reduce earnings on your accounts. Please refer to our separate Service Fee Schedule for additional information about charges.

### ***Transaction Limitations – Regulation D***

Federal Reserve Board Regulation D restricts the number of withdrawals and transfers you can make from your non-checking share accounts: during any month, you may make no more than six (6) withdrawals or transfers to another Credit Union account of yours or to a third party by means of a preauthorized or automatic transfer, telephone order or instruction, or by check, draft, debit card or similar order.

Additional restrictions apply for share certificate accounts, Money Market and club accounts, and Traditional and Roth IRA or Coverdell Education Savings accounts.

Regulation D restrictions do not apply to our Basic, On The Move and Convenience checking accounts.

### ***Closing and Reopening Accounts***

Accounts may be closed after all services associated with the account are terminated, including payroll[direct deposit], ATM or debit cards, loans paid off, checking accounts, VISA accounts, certificates and any other applicable Credit Union services. If the account has been open for less than six (6) months there is a fee to close the account (refer to the Fee Schedule). Once closed, the account may only be reopened if you are still eligible within our field of membership.

Joint owners may not close the regular share account or withdraw shares below the \$5.00 minimum required to keep your membership open. While only the primary member can close the membership, joint owners have access to all other available funds in your account(s).

The Credit Union may also close your account under certain circumstances, in accordance with our bylaws, applicable law and regulation. Such circumstances include, for example, your causing a loss to the Credit Union or failing to maintain the required share balance to keep your account open.

### ***Dormant Accounts***

An account becomes dormant when there is no monetary activity other than dividends paid for six (6) months. Once the account is dormant, some services may be terminated. The Credit Union may charge a dormant account fee (refer to the Fee Schedule).

After three (3) years of inactivity, the account may be declared abandoned and all funds turned over to the DC Office of Abandoned Property, in accordance with applicable law. In such cases, any requests to reclaim the funds must be made to that office.

## **SHARE SAVINGS**

### ***Initial Deposit and Minimum Balance Requirements***

A \$5 deposit is required to open this account. A minimum balance of \$5 must be maintained in this account.

### ***Transaction Limitations***

Your Share Savings Account is subject to the Regulation D limitations described above.

A fee will be charged for each over the counter (in person) Share Savings withdrawal in excess of three (3) per month (refer to the Fee Schedule). This fee may be waived if you maintain a \$2,000 balance in your share savings account throughout the month.

### ***Share Account Maintenance***

A maintenance fee will be charged each month; beginning 2 years after opening the account (refer to the Fee Schedule). This fee will be waived if you maintain a minimum daily balance of \$250 throughout the month in combined share balances, or if you have a loan or active VISA. The maintenance fee is also waived if you are under 21 years of age or participate in the Concorde, Express, or Premiere50 account package.

## **BASIC CHECKING, ON THE MOVE CHECKING ACCOUNT, CONVENIENCE CHECKING ACCOUNT**

### ***Initial Deposit and Minimum Balance Requirements***

The minimum deposit to open the account will equal the amount necessary to pay for the initial check order, which may vary depending on style and quantity ordered (typically, a \$25.00 deposit will be sufficient). There is no minimum balance requirement for this account.

### ***Transaction Limitations***

Transactions are limited by the available funds in the account when an item is presented for payment. The Credit Union may, but is not required to, transfer funds from your share savings account to your *checking* account to cover overdrafts not covered by an overdraft line-of-credit. A Share Transfer Fee will be charged for each automatic transfer from your share savings account to your checking account (refer to the Fee Schedule). Such transfers are restricted by Regulation D limitations

described above, and exceeding those limits may result in the return of your share drafts, ACH or other items presented for payment, due to insufficient funds.

You may also apply for an overdraft line of credit to cover items presented when sufficient funds are not available.

### ***Closing Accounts***

Closing your checking account will result in the return of all unpaid drafts and pre-authorized payments. Your automated teller machine (ATM) and/or Visa Debit Card and bill payer access will be revoked when your checking account is closed.

The Credit Union may close your checking account and terminate associated services if it becomes dormant, or for other cause as determined by the Credit Union.

## **CONVENIENCE CHECKING ACCOUNT**

### ***Additional Transaction Limitations***

No ATM Card or Visa Debit Card access is available for this account.

## **MONEY MARKET SHARE ACCOUNT**

### ***Initial Deposit and Minimum Balance Requirements***

A \$2,500 deposit is required to open this account. A minimum balance of \$2,500 must be maintained in this account. If the account balance falls below the \$2,500 minimum required balance, the Credit Union may close the Money Market Share Account and transfer the balance to your Share Savings Account. Dividends on balances less than \$2,500 are paid at the share savings rate.

### ***Transaction Limitations***

Withdrawals and transfers are limited to three (3) per month and must be at least \$500 each. At the fourth (4) request the Money Market Share Account may be closed and the balance transferred to the

Share Savings Account. This account may not be set up as an automatic transfer source to cover overdrafts on your checking or other accounts.

## **HOLIDAY SAVERS CLUB ACCOUNT**

### ***Initial Deposit and Minimum Balance Requirements***

A minimum \$5 deposit is required to open this account. To earn the Annual Percentage Yield a minimum balance of \$5 is required.
